IMPORTANT INFORMATION

Specifications, information and products featured in this catalogue are subject to change. The price points quoted are indications of pricing only and do not include setup charges. Please contact us for more information and a quote.

Products displayed are not actual size and the logos used are for reference only to illustrate branding options.

They are the property of their owners and represent no endorsement of this brochure or its content.

Product colours illustrated are matched as closely as the print process will allow and should be considered to be approximate.

Actual product colours can also vary from shipment to shipment and this is beyond our control. Always ask to see a sample to ensure the product colour and the product itself are suitable for the intended purpose as we do not accept returns due to minor colour variations or the product being deemed unsuitable once it is delivered.

BLUNT

A BLUNT umbrella is as much a fashion accessory as a high performance product. With a unique patented style, shape and pop of colour, you will always stand out no matter the weather - turning heads while keeping yours dry.

The Blunt umbrella is a perfect blend of form and function. The patented Blunt tips open like miniature umbrellas within custom pockets at the canopy edge and perform multiple purposes to make the blunt umbrella what it is. They create even tensioning of the canopy, providing a far superior structure and aerodynamic surface for overall superior performance and the rounded edges mean the tips are far safer than traditional umbrellas. The design means that Blunt umbrellas perform in all weather conditions - including winds up to 115kmh.
