RPET Cooling Towel

118498

Eco-conscious cooling towel which is manufactured from a 50/50 blend of RPET and polyester. RPET material is produced from recycled PET water bottles and food packaging. RPET fibres completely repel water which evaporates much faster when it contacts them. The towel will cool up to 15 degrees below the outdoor temperature in seconds by harnessing the power of this rapid evaporation. To activate it, wet the towel, wring it out and snap it tight to remove excess water. Wearing it around the neck or head provides natural, chemical-free cooling that will last as long as the towel remains wet. It is ideal for use when playing sports, jogging, walking, biking, at the gym, working outdoors etc. It can also be used as a sports towel and is presented in a drawstring pouch which is manufactured from 90% RPET and 10% PU. An instruction leaflet is included.

Sunburn Alert Stickers

119392

Pack of four Sunburn Alert stickers that take the guesswork away from when it is time to re-apply sunscreen. They are a practical and easy to use warning device for anyone who is out in the sun. The user places a sticker on the back of their hand and applies sunscreen over it at the same time it is being applied to other parts of the body. Each sticker is UV sensitive and turns blue when sunscreen protection diminishes and the skin is being exposed to harmful UV rays. The sticker will turn white again when sunscreen is re-applied, indicating protection has been restored. Instructions for application and use are printed on the cardboard pack and it can be branded in full colour on the front at no extra cost. This product is not suitable for children under three years old, does not contain sunscreen and does not protect the user against sunburn. A production lead time of 25 working days applies to this product by air freight.
